

Scottsdale Forex Seminar
January 7-8, 2010
Hyatt Place Old Town Scottsdale
Scottsdale, Arizona

Dear Piptopia Member:

Remember that each workshop we do is totally unique – because we'll be live trading during the seminar, we'll need to do some extra preparation before we meet in person.

You'll have access to at least two instructors (probably three or four), including Chris McLoughlin, the most successful Bossilator trader I know. He's awesome. Can't wait for you to meet him!

We'll provide food and drinks throughout the day, and on Thursday evening, we'll order pizza for everyone and we'll keep trading / watching charts – and hopefully catch a part of the European session.

The schedule that follows covers **Pre-Live Event Webinars**, as well as the schedule for the **Live Event** itself. If you have any questions at all about the schedule, please contact us at rob@robbooker.com and we'll get back to you super fast.

I am excited to see you in Scottsdale!

A handwritten signature in black ink that reads "Rob Booker". The signature is written in a cursive, slightly slanted style.

PRE-LIVE EVENT SCHEDULE

There will be three one-hour webinars before we meet in Scottsdale, and we'll hold those the first week in January. You'll receive links to register for these webinars when you sign up for the seminar. **These webinars will be archived and available for you to watch over again, so if you are not available when they are held, you'll be able to review the materials at your convenience.**

Webinar One: Sunday, January 3, 2010, at 6:00 PM Pacific US Time

During this webinar we will cover the basics of the Forex Tester software, and help you to get it set up on your computer so that you are 100% ready to use the software when you are in Scottsdale. We will also make sure you are registered and have access to Piptopia.com, the home base for our worldwide family of traders – so you can start to connect right away, before the seminar even begins.

We'll make sure you are connected and have the email addresses for your fellow seminar attendees, so you can organize meals or outings together while you are in Arizona.

Webinar Two: Monday, January 4, 2010, at 6:00 PM Pacific US Time

Rob will take you step-by-step through the essentials of the Bossilator trading method. We'll get your charts set up with templates, indicators, and everything else you need.

Rob will share with you the rules of the method, and Chris McLoughlin, special guest in Scottsdale, will join us on the session. We'll answer general questions, show recent trades that we've taken, and share with you our current trades and trades that we are planning to take. You'll want to review this webinar over and over – we'll be trading this method live in Scottsdale together.

Webinar Three: Tuesday, January 5, 2010, at 6:00 PM Pacific US Time

Rob will share the rules and basic setup for the Counter-Trend Pivot Trading Method. We'll share with you all the links to get video lessons on the methods, documentation about the strategies, and more. Of course, there will be tons of questions about the trading strategies and we'll answer as many questions as we can. **We'll cover the reasons why we "stack" trades – the most important element of the entire seminar, and the core of our money management method.**

With this webinar schedule, we're confident that you will be better prepared to make the most of your experience in Scottsdale! I'm getting excited just thinking about this!

And the live event schedule includes...

LIVE EVENT SCHEDULE

Remember, we'll stop teaching at any time to take a live trade.
We'll also take short breaks every 2 hours or so during the seminar.

THURSDAY JANUARY 7, 2010		FRIDAY, JANUARY 8, 2010
